

PEAK VIEW ANIMAL HOSPITAL

2024 Breeding Fee Schedule

Peak View Animal Hospital does not charge chute fees or booking fees for breeding work. Our price list is published below and only necessary fees are applied to mare breeding expense.

A typical mare would require:

- 4 to 6 ultrasounds per cycle at \$48/ultrasound	\$240.00-384.00
- (\$48/ultrasound if hauled into clinic between 8-10 am, \$76 per ultrasound outside that time)	
- Prostaglandin to bring into heat	\$20.30
- Semen Evaluation & Insemination Fee	\$86.00
- Sucramate (ovulatory agent)	\$70.97
Total	\$355.77-451.77

These fees do not include board which is \$26.50/day. Mare owners are welcome to present mares for work and maintain at home.

Veterinarians and staff at Peak View Animal Hospital will be happy to keep you appraised daily of your breeding expenses

Stallion owners breeding owned mares receive a 20% discount on breeding expense.
